PART 1 ADDENDUM 2

1.1 Intent

- .1 This addendum is issued to provide modification and clarification during bidding and shall form part of the contract documents for the project.
- .2 Except as otherwise specified herein, work required by this Addendum shall be in accordance with Abatement specifications dated January 10, 2019.

1.2 General Clarifications

- .1 Section 02 82 10 item 1.3.6 – Include in the base bid to remove and dispose of 100 LF of pipe insulation on straight sections of piping and 50 fittings of parging cement. Provide units rates to remove one (1) linear foot of pipe insulation and a unit rate to remove one (1) fitting on pipe elbows. Provide the credit amount for each above mentioned item. Quantities must be verified by the asbestos consultant prior to removal.
- .2 Section 3.1.3 in the Hazardous Building Materials Assessment indicates that destructive testing of masonry block walls was performed and that no vermiculite was observed. The location of the destructive testing is indicated on the drawings in Appendix I of the Hazardous Building Materials Assessment in the form of an “X”. The “X” does not indicate that vermiculite is present. The “X” indicates that is where destructive testing occurred.
