1. PART 1 GENERAL REQUIREMENTS**1.1 DEFINITIONS, PRECEDENCE OF DOCUMENTS AND INTERPRETATION**

- 1.1.1 Whenever any of the following words or phrases are used in the Contract they have the meanings respectively attributed to them as follows:
- 1.1.1.1 "Bid" means any bid, quote, or proposal submitted by a respondent pursuant to the bid document;
 - 1.1.1.2 "Board Designee" means the Peel District School Board's Maintenance Supervisors, authorized staff, Project Manager or representative.
 - 1.1.1.3 "Business Day" means any day except a Saturday, Sunday or statutory holiday.
 - 1.1.1.4 "Contractor" means the person or corporation whose bid has been accepted by the Owner, and who is deemed to have entered into the Contract with the Owner;
 - 1.1.1.5 "Contract Price" means the total price the Owner has agreed to pay to the Contractor for the Work, and for everything supplied under the Contract and included in the Contract, and in any event shall not exceed the amount specified in the Purchase Order;
 - 1.1.1.6 "Owner" means the Peel District School Board (PDSB) who is a party to this Agreement as the context of the Contract requires.
 - 1.1.1.7 "Work" means everything that the Contractor is required to supply and or install in order to carry out the terms and conditions of this contract (the "Contract");
 - 1.1.1.8 "Work Order" means the work repair request from the PDSB Work Order System issued by PDSB to a Contractor to initiate and complete all repairs in PDSB Facilities.
- 1.1.2 Whenever the terms, words or initials "Board" or "PDSB" are used in the Contract, they shall mean the Peel District School Board.
- 1.1.3 Whenever the words "shall" or "will" are used in the Contract, they have the meanings attributed to them in the *Interpretation Act* of Ontario. Unless stated otherwise, any reference to a statute or regulation shall refer to the statute or regulation passed by the Province of Ontario, or a municipality thereof, and any reference to a statutory or regulatory provision shall include that provision as from time-to-time modified or re-enacted providing that in the case of modifications or re-enactments made after the date of this Contract the same shall not have effective substantive change to that provision, unless otherwise agreed to.
- 1.1.4 Whenever words which have well known technical or trade meanings are used in the Contract, they are used in accordance with such recognized meanings.
- 1.1.5 The documents forming the Contract are complementary, and what is required by any one shall be as binding as if required by all.
- 1.1.6 The following documents (where included) all form part of the Contract (the "Contract Documents"):
- 1.1.6.1 General Conditions
 - 1.1.6.2 All items as identified in the Table of Contents of PDSB bid documents
 - 1.1.6.3 Addendums as issued
 - 1.1.6.4 Supplementary Conditions
 - 1.1.6.5 Specifications
 - 1.1.6.6 Drawings
 - 1.1.6.7 Award Letter, Purchase Order
 - 1.1.6.8 In the event of conflict between documents, the following priorities shall apply:
 - 1.1.6.9 Documents of later date shall govern;
 - 1.1.6.10 Supplementary Conditions shall govern over General Conditions;
 - 1.1.6.11 General Conditions shall govern over Specifications;
 - 1.1.6.12 Specifications shall govern over Drawings;
 - 1.1.6.13 Figured dimensions shown on the Drawings shall govern even though they may differ from scaled dimensions;
 - 1.1.6.14 Drawings of larger scale shall govern over those of smaller scale of the same date.
- 1.1.7 If at any time before the Work has been completed any question arises as to whether anything has been done as required by the Contract, or as to what the Contractor is required by the Contract to do, and, in particular, and without limiting the generality of the foregoing, as to:

- 1.1.7.1 the meaning of anything in the Drawings and Specifications (as identified in subsections 1.1.6.5 and 1.1.6.6 respectively);
- 1.1.7.2 the meaning to be given to the Drawings and Specifications in case of any error therein, an omission therefrom, or an obscurity or discrepancy in their wording or intention;
- 1.1.7.3 whether the quality or quantity of any material or work meets the requirements of the Contract;
- 1.1.7.4 whether the plant, materials or workmen provided by the Contractor for executing the Work and carrying out the Contract are adequate to ensure that the Work will be executed in accordance with the Contract and that the Contract will be carried out in accordance with its terms;
- 1.1.7.5 what work or quantity of any kind has been completed by the Contractor; or
- 1.1.7.6 the timing and scheduling of the execution of the Work,
- 1.1.7.7 the questions shall be decided by the Owner.
- 1.1.8 If the Contractor finds discrepancies in, or omissions from, the Drawings, Specifications or other Contract Documents or has any doubt as to the meaning or intent of any part thereof, the Contractor shall at once notify the Board Designee, who will forthwith provide written instructions or explanations. Neither the Board nor the Board Designee will be responsible for oral instructions.
 - 1.1.8.1 The Contractor shall keep one copy of current Contract Documents and Shop Drawings at the Place of the Work, in good order and available to the Board Designee and representatives. This requirement shall not be considered to include the executed set of Contract Documents. Only copies of Shop Drawings that have been reviewed by the Board Designee, and which have not been required to be resubmitted, shall be permitted on site.
 - 1.1.8.2 Drawings, specifications, models and copies thereof furnished by the Board Designee are and shall remain the property of the Board Designee with the exception of the signed contract sets belonging to each party to this Contract. Such documents and models are to be used only with respect to the Work and are not to be used on other work. Such documents and models are not to be copied or revised in any manner without the written authorization of the Owner.
 - 1.1.8.3 Models furnished by the Contractor at the Board's expense are the property of the Board.

1.2 ASSIGNMENT OF CONTRACTOR PROCEEDS OF CONTRACT

- 1.2.1 Neither party to the Contract shall assign the Contract or a portion thereof without the written consent of the other, which consent shall not be unreasonably withheld.

1.3 OWNER (CONSULTANT) / CONTRACTOR

- 1.3.1 As directed, a Consultant may be used to represent the Board and be deemed the Board Designee for specific contracts. For such purposes the terms Board Designee and Consultant shall be interchangeable. In such cases the Consultant would report directly to the appropriate Maintenance Services Managers or Supervisors as agent for the Owner.
- 1.3.2 During the progress of the Work, the Board Designee may furnish to the Contractor such additional instructions to supplement the Contract Documents as may be necessary for the performance of the Work. Such instructions shall be consistent with the intent of the Contract Documents.
- 1.3.3 Additional instructions may be in the form of specifications, drawings, samples, models or other written instructions. They will be issued by the Board Designee with reasonable promptness and in accordance with a schedule agreed upon for such instructions.
- 1.3.4 If the Contractor claims that any additional instruction involves extra cost under the Contract the Contractor shall give the Owner written notice within the time limitation noted on the issued instruction or within ten (10) working days of the issued date if no limitation is noted and before proceeding to carry out the Work.
- 1.3.5 The Owner will provide administration of this Contract as described in the Contract Documents.
- 1.3.6 Where specifically directed the 'Consultant' will be the Board's representative during construction and until completion of any correction of defects, or until the issuance of the Final Certificate for Payment, whichever is later. In such cases the Board's instructions to the Contractor shall be forwarded through or in co-operation with the Consultant. The Consultant will have authority to act on behalf of the Board only to the extent provided in the Contract Documents, unless otherwise modified by written agreement.

- 1.3.7 The Owner or Board Designee will not be responsible for and will not have control or charge of construction means, methods, techniques, sequences or procedures, or for safety precautions and programs required for the Work in accordance with the applicable construction safety legislation, other regulations or general construction practice. The Owner or Board Designee will not be responsible for or have control or charge over deficiencies in the Work or for the acts or omissions of the Contractor, the subcontractors or their agents, employees or other persons performing any of the Work.
- 1.3.8 The 'Board Designee' will visit the site at intervals appropriate to the progress of constructions to familiarize himself with the progress and quality of the Work and to determine in general if the Work is proceeding in general conformity with the Contract Documents.
- 1.3.9 Based on the Board Designee's observations and evaluation of the Contractor's application for payment, the 'Board Designee' will determine the amounts owing to the Contractor under the Contract.
- 1.3.10 The 'Board Designee' will be, in the first instance, the interpreter of the requirements of the Contract Documents and shall make findings as to the performance hereunder by both parties to the Contract. Interpretations and decisions of the 'Board Designee' shall be consistent with the intent of the Contract Documents and in making interpretations and findings will not show partiality to either party.
- 1.3.11 Claims, disputes and other matters in question relating to the performance of the Work or the interpretation of the Contract Documents shall be referred initially to the 'Board Designee' in writing for finding or interpretation which will be given in writing within a reasonable time.
- 1.3.11.1 Notwithstanding section 1.3.11, either the Contractor or the Owner may submit the following disputes to construction dispute interim adjudication ("**Interim Adjudication**") as defined in Part II.1 of the Construction Act (Ontario) (hereinafter referred to in these subsections 1.3.11 as the "**Act**"), if applicable:
- 1.3.11.1.1 The valuation of services or materials provided under the Contract.
 - 1.3.11.1.2 Payment under the Contract, including in respect of a Change Order, whether approved or not, or a Contemplated Change Order.
 - 1.3.11.1.3 Disputes that are the subject of a notice of refusal to pay or non-payment under Article 5 hereof and/or Part I.1. (Prompt Payment) of the Act.
 - 1.3.11.1.4 Amounts retained under section 12 (set-off by trustee) or under subsection 17 (3) (lien set-off) of the Act.
 - 1.3.11.1.5 Payment of a holdback under section 26.1 (payment of holdback on annual basis) or 26.2 (payment of holdback on phased basis) of the Act.
 - 1.3.11.1.6 Non-payment of holdback by the Board under section 27.1 of the Act.
 - 1.3.11.1.7 Any other matter that the parties to the Interim Adjudication agree to in writing, or that may be prescribed by the Act.
- 1.3.11.2 An Interim Adjudication shall be conducted in accordance with the Act, the Regulations, and the following requirements:
- 1.3.11.2.1 If the Board or the Contractor wish to refer a dispute to Interim Adjudication, it shall give to the other party, the Consultant, and any other party required by the Act, written notice thereof, including the following:
 - 1.3.11.2.1.1 the names and addresses of the parties;
 - 1.3.11.2.1.2 the nature and a brief description of the dispute, including details respecting how and when it arose;
 - 1.3.11.2.1.3 the nature of the redress sought; and
 - 1.3.11.2.1.4 the name of a proposed adjudicator to conduct the Interim Adjudication.
- 1.3.11.3 A party (the "**Responding Party**") who receives from the other party (the "**Initiating Party**") notice of the referral of a dispute to Interim Adjudication, shall respond in writing in accordance with the Act. The Responding Party shall either confirm that the proposed adjudicator is acceptable or propose an alternative adjudicator. If the parties cannot agree to a proposed adjudicator within five (5) days of the delivery of the initial notice of the referral of the dispute to Interim Adjudication, then the parties shall ask the Authority under the Act to appoint one. No later than five days after an adjudicator agrees or is appointed to conduct the Interim Adjudication, the Initiating Party shall provide to the adjudicator a copy of the notice; and provide to the adjudicator and to the Responding Party a copy of the Contract or subcontract and any documents the Initiating Party intends to rely on during the Interim Adjudication.
- 1.3.11.4 The adjudicator agreed upon by the parties (the "**Adjudicator**") shall have the following powers:

- 1.3.11.4.1 Issuing directions respecting the conduct of the Interim Adjudication.
- 1.3.11.4.2 Taking the initiative in ascertaining the relevant facts and law.
- 1.3.11.4.3 Drawing inferences based on the conduct of the parties to Interim Adjudication.
- 1.3.11.4.4 Conducting an on-site inspection of the Work.
- 1.3.11.4.5 Obtaining the assistance of a merchant, accountant, actuary, building contractor, architect, engineer or other person in such a way as the adjudicator considers fit, as is reasonably necessary to enable him or her to determine better any matter of fact in question.
- 1.3.11.4.6 Making a determination in the Interim Adjudication.
- 1.3.11.4.7 Any other power that may be prescribed.
- 1.3.11.5 If the Adjudicator requests an extension of the deadline for the Adjudicator's determination, the parties agree to grant the Adjudicator's request, provided that the deadline is not extended by more than fourteen (14) days.
- 1.3.11.6 The parties agree that a determination by an Adjudicator shall be final and binding on each party and no party to an Interim Adjudication shall attempt to arbitrate, or otherwise contest, the determination through any other process, except in accordance with the Act.
- 1.3.12 The 'Board Designee' will have authority to reject work which does not conform to the requirements of the Contract Documents. The 'Board Designee' will have authority to require special inspection or testing of work whether or not such work will be then fabricated, installed or completed. However, neither the 'Board Designee's authority to act nor any decision made to either exercise or not to exercise such authority shall give rise to any duty or responsibility of the 'Board Designee' to the Contractor, the subcontractors, or their agents, employees or other persons performing any of the Work.
- 1.3.13 The 'Board Designee' will review and take appropriate action upon the Contractor's submittals such as shop drawings, product data, and samples in accordance with the requirements of the Contract Documents.
- 1.3.14 The 'Board Designee' will prepare Contemplated Change Orders, Change Orders, Site Instructions and Change Directives, in accordance with the samples provided in Appendix 'D'.
- 1.3.15 The 'Board Designee' will conduct reviews of the Work to determine the dates of Substantial Performance of the Work and Completion of the Contract.
- 1.3.16 The duties, responsibilities and limitations of authority of the 'Board Designee' as set forth in the Contract Documents will not be modified or extended without the written consent of the Board, the Contractor and the 'Board Designee'.
- 1.3.17 In the event of the termination of the employment of the 'Board Designee', the Board shall immediately re-appoint or appoint another 'Board Designee' to whom the Contractor makes no reasonable objection and whose status under the Contract shall be that of the former 'Board Designee'.
- 1.3.18 Nothing contained in the Contract Documents shall create any contractual relationship between the 'Board Designee' and the Contractor, the subcontractors, the suppliers, or their agents, employees or other persons performing any of the Work.

1.4 CONTRACTOR

- 1.4.1 The General Contractor will be responsible to take all necessary steps to protect personnel (workers, visitors, general public, etc.) and property from any harm during the course of the contract.
- 1.4.2 The General Contractor shall comply with, and shall ensure that all subcontractors, suppliers, installers etc. comply with all applicable laws, including without limitation the Federal, Provincial and Municipal Safety Codes and Regulations and the *Occupational Health and Safety Act* (Ontario) and Regulations.
- 1.4.3 The General Contractor will be designated as the "Constructor" as defined by the *Occupational Health and Safety Act* for the duration of the project.
- 1.4.4 The General Contractor shall supply competent personnel to implement safety program and ensure that all subcontractors' comply with the Board's standards, and those of the *Occupational Health and Safety Act*.
- 1.4.5 The Board will provide periodic monitoring to ensure that safety requirements are met, and that safety records are properly kept and maintained. Continued disregard for safety standards can cause the Contract to be cancelled and the General Contractor removed from the site.
- 1.4.6 The General Contractor will report to the Board and Jurisdictional Authorities any accident or incident involving personnel and/or property of the Contractor, Board, or Public, arising from the General Contractor's or any of the

subcontractors' execution of the Work.

1.4.7 The General Contractor will include all provisions of this Contract in any agreement with subcontractors, and hold all subcontractors equally responsible for safe work performance.

1.4.8 If the General Contractor is responsible for a delay in the progress of the Work due to an infraction of any applicable legislation or the Board's Health and Safety requirements, the Contractor will, without additional cost to the Board, work such overtime, and acquire and use for the execution of the Work such additional labour and equipment as to be necessary, in the sole opinions of the 'Board Designee', to avoid delay in the final completion of the Work or any operations thereof.

1.4.9 In the cases of individual contracts with no designated General Contractor, the individual Contractor shall have full responsibility for all items herein listed (Section: 'General Contractor') and as such be deemed the General Contractor for the purposes of these General Conditions with all associated conditions and responsibilities.

1.5 SUBCONTRACTORS

1.5.1 The Owner reserves the right to let separate contracts in connection with the Project of which the Work is a part, or to do certain work by its own forces.

1.5.2 On request of the Owner, the Contractor shall provide to the Owner a complete and firm list of the names and addresses of the subcontractors whom the Contractor will use for the Work.

1.5.3 The Contractor shall:

1.5.3.1 require the Contractor's subcontractors to perform the Work in accordance with and subject to the terms and conditions of the Contract; and

1.5.3.2 be as fully responsible to the Owner for acts and omissions of the Contractor's subcontractors and of persons directly or indirectly employed by them as the Contractor is for acts and omissions of persons directly employed by the Contractor.

1.5.4 The Contractor shall incorporate all the terms and conditions of the Contract necessary for the purpose of performing the Work pursuant to the Contract into all subcontract agreements.

1.5.5 Nothing contained in the Contract shall create any contractual relationship between any subcontractor and the Owner.

1.5.6 The Owner may for reasonable cause object to the use of a proposed subcontractor and require the Contractor to employ one of the other subcontractors.

1.6 TAKING THE WORK OUT OF THE CONTRACTOR'S HANDS

1.6.1 The Owner may, without any further authorization or authority, take all or any part of the Work out of the Contractor's hands and may employ such means as it may see fit to complete the Work, including the use of the performance surety when applicable, in any of the following cases, namely:

1.6.1.1 where the Contractor has made default or has delayed in commencing or in diligently executing the Work or any portion thereof to the satisfaction of the Owner and the Owner has given notice thereof to the Contractor, and has by such notice required the Contractor to put an end to such default or delay, and such default or delay continues for seven (7) Business Days after such notice was communicated;

1.6.1.2 where the Contractor has made default in the completion of the Work, or any portion thereof, within the time limited for such completion by the Contract;

1.6.1.3 where the Contractor has become insolvent;

1.6.1.4 where the Contractor has committed an act of bankruptcy or has been declared bankrupt or has made an assignment in bankruptcy;

1.6.1.5 where the Contractor has abandoned the Work;

1.6.1.6 where the Contractor has made an assignment of the Contract without the required consent of the Owner;

1.6.1.7 where the Contractor has otherwise failed to observe or perform any of the provisions of the Contract.

1.6.2 Where the Work or any part thereof has been taken out of the Contractor's hands under subsection 1.6.1, the Contractor shall not, except as provided in subsection 1.6.3, be entitled to any further payment, including payments then due and payable but not paid and the obligation of the Owner to make payments shall be at an

end, and the Contractor shall be liable upon demand of the Owner to pay to the Owner an amount equal to all loss and damage suffered by the Owner by reason of the non-completion of the Work by the Contractor.

1.6.3 Where the Work or any portion thereof has been taken out of the Contractor's hands under subsection 1.6.1 and that portion is subsequently completed by the Surety, or by the Owner, the Owner shall determine the amount, if any, of the holdback and progress claims of the Contractor unpaid at the time of taking the work out of the Contractor's hands that in the Owner's opinion are not required by the Owner for the purposes of the Contract and the Owner may, if it is of the opinion that no financial prejudice to the Owner will result, pay that amount to the Contractor.

1.6.4 The taking of the Work, or any portion thereof, out of the Contractor's hands pursuant to subsection 1.6.1 does not operate so as to relieve or discharge the Contractor from any obligations under the Contract or imposed upon the Contractor by law, except the obligation to complete the physical execution of that portion of the Work so taken out of the Contractor's hands.

1.7 INDEMNIFICATION CLAIMS

1.7.1 The Contractor shall indemnify and hold harmless the Consultant, the Board, and their respective officers, agents and employees from and against claims, demands, losses, costs, damages, actions, suits or proceedings by third parties that arise out of, or are attributable to, the Contractor's performance of the Contract (hereinafter called "Claims"), provided such Claims are: attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property, and caused by negligent acts or omissions of the Contractor or anyone for whose acts the Contractor may be liable, and made in writing within a period of six (6) years from the date of Substantial Performance of the Work as set out in the Certificate of Substantial Performance of the Work, or within such shorter period as may be prescribed by any limitation statute of the Province of Ontario.

1.7.2 The Board expressly waives the right to indemnity for Claims other than those stated above.

1.7.3 The Board shall indemnify and hold harmless the Contractor, its agents and employees from and against Claims arising out of the Contractor's performance of the Contract which are attributable to a lack of or defect in title or an alleged lack of or defect in title to the Place of the Work.

1.8 LAWS, NOTICES, PERMITS AND FEES

1.8.1 The laws, by-laws, ordinances and legal requirements, rules, regulations, codes and orders of the Province of Ontario and the municipality where the Place of Work is situated shall apply to the Work.

1.8.2 Except where specifically noted otherwise, the Contractor shall obtain and complete all notices, permits, licenses, certificates and Notice Of Project forms (as required by the Ministry of Labour) and shall pay all fees required to complete the Work.

1.8.3 The Contractor shall give all required notices and comply with all laws, ordinances, rules, regulations, codes and orders of all authorities having jurisdiction relating to the Work, to the preservation of the public health and construction safety which are or become in force during the performance of the Work.

1.8.4 The Contractor shall not be responsible for verifying that the documents forming part of the Contract are in compliance with the applicable laws, ordinances, rules, regulations and codes relating to the Work and if any part of the Contract is at variance therewith, or changes which require modification to the Contract are made to any of the laws, ordinances, rules, regulations and codes by the authorities having jurisdiction subsequent to the date of bid submission, any resulting change in the cost shall constitute a corresponding change in the Contract Price. The Contractor shall notify the Owner in writing requesting direction immediately if any such variance or change is observed by the Contractor.

1.8.5 If the Contractor fails to notify the Owner in writing and obtain its direction as required in subsection 1.8.4 and performs any Work knowing it to be contrary to any laws, by-laws, ordinances, rules, regulations, codes and orders of any authority having jurisdiction, the Contractor shall be responsible for and shall correct any violations thereof and shall bear all costs, expenses and damages attributable to the Contractor's failure to comply with the provisions of such laws, by-laws, ordinances, rules, regulations, codes and orders.

1.9 LIEN CLAIMS

1.9.1 The Contractor shall employ on the Work only persons who are fully qualified to perform the Work required. The

Contractor shall comply with the provisions of the *Government Contract Wages Act, 2018*, the *Construction Act*, and where applicable, the *Employment Standards Act, 2000*, and any Regulations passed under any of these Statutes. The Contractor shall ensure that all persons employed for the Work are paid not less than the wage rate set forth in the current Province of Ontario Fair Wage Schedule for the municipal location of the Work, and as it may be amended from time to time during the term of the Contract.

2. PART 2 PROCEDURAL REQUIREMENTS

2.1 USE OF SITE FACILITIES

- 2.1.1 The Contractor shall furnish all labour, materials, equipment, transportation, storage, tools, trucks and any other incidentals required to perform the Work.
- 2.1.2 The Owner will not provide storage for the Contractor's tools.
- 2.1.3 The Contractor and the Contractor's personnel shall not use the existing sanitary services.
- 2.1.4 The Owner will permit the Contractor to make use of the water and hydro facilities on the site. The Contractor shall make all necessary temporary connections:
 - 2.1.4.1 at the Contractor's expense; and
 - 2.1.4.2 in accordance with all applicable laws, by-laws, ordinances, rules, regulations, codes and orders; and
 - 2.1.4.3 under the directions and approval of the Owner (specifically the appropriate Maintenance Services Supervisor), and,
 - 2.1.4.4 remove all such temporary connections on the completion of the Work and make good all finishes and services to the satisfaction of the Owner, and
 - 2.1.4.5 The Contractor shall assume all liability for and be responsible for loss of or damage to the Contractor's materials or equipment and for any materials delivered to the Contractor from whatever source to the site of the Work.

2.2 COMMENCEMENT OF WORK

- 2.2.1 Upon receipt of the Award Letter or Purchase Order (identified in subsection 1.1.6.7), the Contractor shall immediately contact the Board Designee to arrange prompt commencement of the Work and thereafter the Contractor shall continue the Work until completion and, when applicable, in accordance to a pre-approved construction schedule submitted to the Board prior to the start of the Work.

2.3 COMPLETION DATE

Work, with the Contract Price and the completion date being adjusted accordingly.

- 3.3.2 No additional Work shall be done nor shall other changes be made to the Contract without receiving prior written authority from the Owner. This authorization will be advised by means of a written Change Order, Site Instruction or Change Directive.
- 3.3.3 Contemplated Change Order (Sample - APPENDIX 'D'): Any Change Order may be preceded by a 'Contemplated Change Order'. This form is to be utilized when the change to the awarded Scope of Work is contemplated only. The Contractor is to sign and submit a cost for the request for the proposed change on the Contemplated Change Order form. If the change is accepted, a Change Order form is completed – see 'Change Order', item 3.3.4.
- 3.3.4 Change Order (Sample - APPENDIX 'D'): A Change Order is required if:
- the value of each or any change for a single project exceeds \$5,000.00, or ten percent (10%) of the total value of the Project, whichever takes precedence;
 - the change will result in a decrease in the total value of the awarded Work; or,
 - there is a change in the 'as awarded' scheduled completion time of the Contract.
- All changes to the Scope of Work, as identified above, and as awarded to the Contractor, are to be initiated and qualified by a 'Change Order' form. The 'Change Order' form is to be completed with all appropriate details of the change, including a quoted cost. The total value of the change must be indicated on the 'Change Order' form. Prior to a go ahead the 'Change Order' form is to be signed by the Contractor, the Consultant (when applicable), the Board Designee/Project Manager and, when the value of the Change Order exceeds \$5,000.00, the Manager of Maintenance.
- 3.3.5 Site Instruction (Sample - APPENDIX 'D'): A Site Instruction form is to be utilized when a change to the awarded Work is requested. The requested change must not affect the Contract Price. If the Contract Price is affected a Change Order must be completed as per item 3.3.4. Prior to the go ahead the Site Instruction form is to be signed by the Contractor, the Consultant (when applicable) and the Board Designee/Project Manager.
- 3.3.6 Change Directive (Sample - APPENDIX 'D'): A Change Directive will be issued when a contemplated change must be started immediately and before a quotation can reasonably be submitted and approved. The Change Directive must be signed by the Contractor, the Consultant (when applicable) and the Board Designee/Project Manager. A Change Directive is to be issued subsequently and in accordance with standard Change Directive procedures, as per item 3.3.4.
- 3.3.7 Distribution of Copies of Forms:
- White Copy – with the Project File (Maintenance Department)*
 - Yellow Copy – to the Contractor*
 - Pink Copy – to the Consultant*

5.2.2 The Owner will make payments to the Contractor within twenty-eight (28) days of the receipt of the Proper Invoice as follows:

- 5.2.2.1 Ninety percent (90%) of the invoiced amounts by the Contractor to the Owner or Board Designee prior to Substantial Performance shall be submitted monthly for labour, material and services incorporated in the Work to the satisfaction of the Payment Certifier or delivered to the site and supported by such evidence of correctness as the Payment Certifier may require, unless, within thirteen (13) days of the receipt of the Proper Invoice by the Payment Certifier, it provides notice to the Contractor in the prescribed form that it refuses to pay all or a portion of the amount requested in the Proper Invoice;
- 5.2.2.2 The remaining ten percent (10%) of the amounts invoiced prior to Substantial Performance and held back pursuant to the Act, within a reasonable time after the expiration of the applicable lien period following the date of publication of the Certificate of Substantial Performance if there are no claims outstanding pursuant to the Act, and if the Work performed is to the satisfaction of the Payment Certifier;
- 5.2.2.3 any further amount due under the Contract upon completion of the Contract to the satisfaction of the Payment Certifier, subject to any holdback for deficiencies and as required by the Act.
- 5.2.3 Where applicable the Contractor shall obtain an inspection certificate for any installation which is part of the Work from the Federal, Provincial or Municipal Authority responsible for the issuance thereof and shall deliver such certification to the Owner before receiving final payment.
- 5.2.4 All progress payments shall be initiated by the Contractor and verified by the Payment Certifier. All progress payments shall be accompanied by a current and valid WSIB Certificate of Clearance. The Contractor shall arrange to meet with the Payment Certifier on site to verify the completed Work. Within 24 hours of receipt of the Proper Invoice the Payment Certifier will complete a 'Certificate of Payment' (APPENDIX "A") and forward the Certificate and the invoice to:
- Peel District School Board
Maintenance Services Department
933 Central Parkway W., Mississauga, Ontario L5C 2T9
Attn: Maintenance Services Supervisor: (i.e.: Department: Electrical, Mechanical, Structural, PM)
- Please indicate the applicable Supervisors name.

5.3 CERTIFICATE OF SUBSTANTIAL PERFORMANCE AND EVIDENCE OF PUBLICATION

- 5.3.1 At ninety-seven percent (97%) Project completion, and if the Owner requests, when the Contractor receives a Certificate of Substantial Performance from the Board containing the information required by the applicable construction lien legislation, the Contractor shall provide the Owner with evidence of publication (including name of paper, date of publication, etc.) of the Certificate of Substantial Performance.

5.4 STATUTORY DECLARATION

- 5.4.1 If the Owner requests, submit with the final invoice a completed 'Statutory Declaration' (Sample - APPENDIX 'G') Failure to provide the Statutory Declaration when requested will result in the delay of any outstanding payments for Work completed, holdbacks and release of any Performance Surety(s) until such documentation is provided.

5.5 TAX CHANGES

- 5.5.1 In the event of any change in any applicable tax made public after the date of bid closing, the Contract Price shall be adjusted by an amount equal to the increase or decrease in the cost of the Work to the Contractor brought about by the change in such tax.

5.6 NO ADDITIONAL PAYMENT FOR INCREASED COSTS

- 5.6.1 The amount payable to the Contractor under the Contract will not be increased or decreased by reason of any increase or decrease in the cost of the Work brought about by any increase or decrease in the cost of plant equipment, labour, materials or the wage rates set out and prescribed within the bid.

5.7 WARRANTY

- 5.7.1 The Contractor shall warrant the Work covering both labour and material for a period of one (1) year (except where noted otherwise) from the date of substantial completion to the satisfaction of the Owner and extend the warranty on replaced parts and workmanship for a period of one (1) year from the date of acceptance of the replacement parts and workmanship. Contractor shall supply all labour, materials, tools and equipment to repair and/or replace any work judged defective by the Board Designee and/or Consultant, and any other Work damaged due to faulty or defective Work, at no additional cost during the term of the warranty.
- 5.7.2 The warranty given pursuant to this section shall not limit extended warranties on any items of equipment or material called for elsewhere in the Specifications.
- 5.7.3 The Contractor shall, to the extent permitted by manufacturers and suppliers, assign to the Owner the benefit of any warranty by any manufacturer or supplier in addition to the warranty as provided in subsection 5.6.1.

5.8 CASH ALLOWANCES AND CONTINGENCIES

- 5.8.1 When the bid document requests cash allowances and contingencies they are not to be subject to any mark-up or cost plus percentages.

6. PART 6 MISCELLANEOUS GENERAL CONDITIONS

6.1 SAFETY

- 6.1.1 The Contractor shall follow all local Provincial and Federal laws, regulations, by-laws, codes, etc., relating to public health and public safety. Keep in mind that a piece of mechanical construction equipment, as well as any Work carried out within the building or on the premises, provides a fascinating attraction for the students.
- 6.1.2 The PDSB reserves the right to cancel the Contract for non-compliance with Health and Safety regulations.

6.2 OPERATION OF VEHICLES

- 6.2.1 Extreme caution must be observed at all times by the operators of vehicles on school property.
- 6.2.2 Vehicles shall not be driven on school property at a speed in excess of 8 kilometers/per hour.
- 6.2.3 No vehicles will be permitted on school playground areas when students are present, except with prior permission of the school Principal or designate. The Principal, or designate, must then ensure that adequate supervision is supplied to provide safety for the students. When summer school or summer playground is in operation, similar arrangements will be made with the person in charge of students.
- 6.2.4 When backing up on school property drivers of vehicles shall have a responsible person watch for students to ensure the path of the vehicle is clear. When schools are occupied all vehicles must be equipped with a backup alarm signal.
- 6.2.5 When moving any vehicle on school property areas with an aerial lift device or other such height protruding encumbrance on the vehicle the driver of the vehicle shall have a responsible person watch for students and other board physical property to ensure the path of the vehicle is clear. Any damage caused to PDSB property by the failure to ensure all precautions are taken shall be the sole responsibility of the Contractor.
- 6.2.6 Snow plowing or blowing shall not be carried out on regular school days between 8:00 a.m. and 6:00 p.m. without the permission of the school Principal or designate.
- 6.2.7 Operators of vehicles performing site Work on regular school days, e.g. grass cutting, fertilizing, grading, seeding, etc. must observe the following rules:
- 6.2.7.1 Inform school Principal that Work is being carried out at the school;
 - 6.2.7.2 Stop tractor or other vehicle during recess or noon hour;
 - 6.2.7.3 Never leave tractor or other vehicle unattended while running or with the ignition key in place;
 - 6.2.7.4 Leave all hydraulic equipment in the "down" position when tractor or other vehicle is left unattended; and,
 - 6.2.7.5 Vehicles left overnight on school property shall be deactivated by the removal of an ignition component.

6.3 SCHEDULE OF WORK

- 6.3.1 In general, all interior Work, in teaching areas, must be carried out after regular school hours unless otherwise specified. The Contractor must include in the bid all costs for any overtime Work which may be necessary to complete the Work by the date specified.
- 6.3.2 All exterior Work which will affect the free access to the site and/or building must have the approval of the school and the Board.

6.4 DEMOLITION

- 6.4.1 The major items of demolition and alteration are shown on drawings, and the Contractor shall be responsible for the coordination of the entire Work.
- 6.4.2 No existing footings, foundations, pipes, electrical conduit and wiring shall be undermined or otherwise damaged or endangered by digging, cutting or any other operation in the performance of the Work of this Contract. Any existing Work so affected shall be immediately repaired and made good to the satisfaction of the PDSB.
- 6.4.3 All existing water, gas, electric and other services in areas being altered which are effected by the changes shall be cut off, capped, diverted or removed by the Contractor as required, or as directed. Active services to the existing school shall be protected and maintained without interruption during school hours. Any temporarily removed services, equipment, etc., shall be reinstalled by the Contractor.
- 6.4.4 It is essential that the existing building be maintained weather tight at all times, therefore the Contractor shall furnish all temporary protection, enclosures, tarpaulins, etc., as may be required to weatherproof any openings made in the Work.
- 6.4.5 The Contractor shall ensure that all existing and remaining Work, such as floors, finishes, trim, etc., are protected.
- 6.4.6 All debris, rubbish, etc., resulting from demolition shall be removed from the building site.
- 6.4.7 Doors, frames and other items of equipment or finishes which are scheduled to be re-used or relocated shall be carefully removed and/or dismantled and kept safe.
- 6.4.8 All new Work, altered Work and finishes are to be made good to match subject to the approval of the PDSB.
- 6.4.9 Cuts into existing fire rated ceiling or in other fire rated construction shall be made good to retain original fire rating. Provide additional fire proofing as required to maintain structural protection.
- 6.4.10 Where existing equipment, fixtures or fitments are to be removed and reveal openings, cuts, unfinished surfaces, the Contractor shall make good such deficiencies using matching materials and finishes.
- 6.4.11 Items or finishes scheduled to be reused or relocated shall be repaired or altered if necessary to suit the new location.
- 6.4.12 No excavations shall be undertaken without first obtaining proper stake-out of underground utility services.
- 6.4.13 No interior or exterior work shall be undertaken that would result in the blocking of entrance/exit doors. No equipment such as running machinery, hot kettles for roofing Work etc. shall be located near entrance or exits.
- 6.4.14 No overhead Work shall be performed in occupied areas without prior approval of the Principal. This shall apply to all roofing Work with the exception of minor leak-finding or small patching operations which do not require mechanical tools and large amount of materials stored etc.

6.5 DELAYS

- 6.5.1 If the Contractor is delayed in the completion of the Work by any act of neglect of the Board or of any employee of the Board, or by any other Contractor employed by the Board or by changes ordered in the Work, or by strikes, lockouts, fire, unusual delay by common carriers, or unavoidable casualties, or by any other cause of any kind whatsoever beyond the Contractor's control, or by any cause within the Contractor's control which the Board may decide as justifying the delay, then the time of completion will be extended for such reasonable time as the Board may decide.

6.6 IDENTIFICATION GENERAL

- 6.6.1 Identification cards must be worn at all times while workers are in any PDSB building.
- 6.6.2 The Contractor shall adhere to all parts of the security provisions as set out in Section: 7.14 "Maintenance Security Identification Badges".

6.7 OCCUPANCY AND USE OF PREMISES

- 6.7.1 The Contractor and all subcontractors are expected to understand that some areas of the existing building remain occupied during the Work and that the Work is to be executed in such a manner as to provide the minimum interference with the use of the existing premises by the occupants and the maximum safety of the occupants during the Work. The Contractor and all subcontractors shall take reasonable measures for the control of noise during operations while the building is in use.
- 6.7.2 Whenever the Contractor enters any area of the existing premises to carry out the Work, obstruct, or take out of use any area of the existing building, the Contractor should request a meeting with the Board in order to reach agreement as to the time and the length of time that will be required to construct or remove from use any such area.
- 6.7.3 The Contractor shall not store any materials or equipment in the boiler rooms, mechanical rooms, transformer vault, or other non-designated storage areas.
- 6.7.4 A room may be designated for storage of materials and equipment. The Contractor shall keep the room neat and clean at all times, under lock and key and surrounding surfaces protected against damage. The Contractor shall provide a CO2 fire extinguisher of minimum 9 kg (20 lbs.) capacity in this room while area is used for storage.
- 6.7.5 The Contractor may be requested, from time to time, to suspend noisy or otherwise objectionable operations during certain functions, should such operations cause undue interference with the said functions. The Contractor will be expected to extend the fullest co-operation and courtesy in such cases. While every effort will be made by the Board to keep the Contractor informed by function well in advance, it must be recognized that some functions, by their very nature, are unexpected and cannot be predicted or avoided.

6.8 LOCATION OF APPARATUS

- 6.8.1 The location of apparatus, fixtures, outlets, etc., shown or specified will be considered as only approximate. The actual location shall be as directed and as required to suit the conditions at the time of installation. Before installation, the Contractor shall consult the Board and ascertain the actual location required.

6.9 INSPECTION OF WORK

- 6.9.1 The Board shall have access, at all times to the Work wherever it is in preparation or progress. The Contractor shall provide safe and proper facilities for such access and for inspection.
- 6.9.2 The undertaking of periodic inspections by the Board shall not be construed as supervision of actual construction, nor make the Board contractors or employees of the Contractor or of suppliers or subcontractors or responsible for supervision of access, visits, use, work travel or occupancy by any person.
- 6.9.3 It is expected that the Contractor, using skill and knowledge, shall perform the Work without the direct supervision of the Board Designee. The Board Designee will however periodically inspect the performance of the Contractor to ensure the quality of the Work, adherence to the applicable standards and specifications, and review the efficiency of the Contractor's performance in view of the time consumed to perform the Work. Such evaluations shall be recorded in accordance with but not limited to the 'Contractor Performance Evaluation', item 7.7.

6.10 CONTRACTOR'S LIABILITY INSURANCE

- 6.10.1 The Contractor shall be liable and shall indemnify and save harmless the Board, its employees and authorized agents of and from all manner of actions, causes of actions, claims, demands, damages, losses and expenses which the Board, its officers, employees and authorized agents may, at any time, incur or suffer as a result of or arising out of any loss or injury to:
- 6.10.1.1 the existing structures, grounds or asphalted areas and property belonging to or in the custody of the Board, including the loss of use thereof;
 - 6.10.1.2 tools and equipment and other property of the Contractor or the subcontractors and their employees;
 - 6.10.1.3 all persons including the officers, employees and authorized agents of the Board, the Contractor and subcontractors including the death of such persons; and,

6.10.1.4 any other structures and property including loss of use thereof, other than those referred to above.

6.10.2 The Contractor must provide proof of carrying insurance in accordance with the Contract Documents.

7. PART 7 CONTRACTORS

7.1 GENERAL

7.1.1 The provisions of this section are requirements for all contractors working on Board property.

7.2 MATERIALS

7.2.1 In general all materials for the Work will be supplied by the PDSB. These materials may be available from inventory on hand or by special purchase for a particular project.

7.2.2 The Contractor will receive specific instructions for the purchase of such materials. No substitute will be accepted unless prior approval has been obtained from the Board Designee in writing.

7.2.3 Any materials which are to be supplied by the Contractor as requested by the Board Designee shall be new, designed and manufactured for the intended purpose, free from all defects in workmanship and material. Materials replacing existing must be equal to or better than the original installed in both quality and performance. No reduction in the overall performance of the equipment will be acceptable without written approval of the Board Designee. Any materials not conforming to the above criteria will be rejected.

7.3 CONTRACTORS QUALIFICATION

7.3.1 All Work shall be performed by competent and skilled trades person, certified and licensed by the Province of Ontario. Apprentices etc. shall not be permitted to work on Board sites except by prior written approval from the appropriate Board Designee and then only with the direct on site Supervision by a licensed trades person.

7.3.2 If requested, the Contractor shall supply to the Board copies of appropriate licensing and proof of applicable required training for each trades person or staff member who is to work on a Board site. Notification of changes and prior approval of additional trade staff must be submitted to the Board Designee (complete with applicable documents as above) for approval prior to any additional workers attending a Board site.

7.3.3 If requested, the Contractors must submit with their bid submission a copy of the trade license etc. as above, for the person(s) which are assigned to perform the Work as stipulated within.

7.3.4 All certified licensed trades employed by the Contractor must be licensed to work in the Municipalities of the Peel Region. The Contractor must be licensed to operate as a contractor in the Municipalities of the Peel Region, in the specific field for which they are employed by the Board (i.e. electrical contracting etc.).

7.3.5 Contractors must be available for training on PDSB equipment.

7.3.6 When applicable, Contractors must supply one fully stocked and equipped service truck for each licensed trades person working on Board sites (complete with the necessary tools, typical materials and all required ladders) identified as per the Contractor's Licensing Requirements, and approved by the Board (Board Designee). Prior approval must be obtained from the Board Designee if there is to be any deviation from this requirement.

7.3.7 Ladders provided must be in accordance with Section 'Ladders and Scaffolding' in the General Conditions.

7.3.8 The use of PDSB equipment (ladders/scaffolds etc.) is restricted and as such the Contractor must have the prior written approval from the appropriate Board Designee and be certified as trained prior to use.

7.3.9 If requested, Contractors are to supply a list of all vehicles and equipment owned and a brief description of the type of work that can be completed by/with this equipment including the hourly rate for this type of equipment.

7.4 SUB-CONTRACTING

7.4.1 Subcontracting is not permitted unless approved by the Board Designee. In addition the selection of sub-contractors and applicable labour rates shall be subject to approval by the Board Designee.

7.4.2 The Contractor shall be fully responsible for the Work performed by a subcontractor all conditions of the

specifications and the Contract Documents shall apply.

7.5 WORK PERFORMANCE

- 7.5.1 Work performed under this Contract shall be assigned by the Maintenance Supervisor based on Maintenance Work Orders. The description on the Work Order and verbal instructions from the Maintenance Supervisor shall serve as the Scope of Work.
- 7.5.2 It is expected that the Contractor, based on the Contractor's competence and trades experience will assess the on site repair requirements and perform the Work in a safe, efficient, neat and proper manner, confirming to the latest rulings, regulations and definitions set out by the Board Safety Procedures, the Ontario Electrical Safety Code, the Ontario Building Code, *Occupational Health and Safety Act* and any other code or regulation of the authorities having jurisdiction over the Work.
- 7.5.3 The Contractor will be expected to ensure that the Work involved in each site is executed in an expedient manner and that no time will a site be left without equipment being fully operational without the knowledge and prior approval of the Maintenance Supervisor.
- 7.5.4 The Contractor shall be totally responsible for: damage or injury to the Contractor's Work; for any damage to equipment and contents which may occur during the Work; and where such damages result from improper or inappropriate use or operation of equipment or materials of any kind from neglect, carelessness, incompetent acts, faults or omissions by the Contractor.

7.6 INSPECTION

- 7.6.1 It is expected that the Contractor, using the Contractor's skill and knowledge will perform the Work without the direct supervision of the Board Designee. The Board Designee will periodically inspect the performance of the Contractor to ensure the quality of the Work, adherence to the applicable standards and review the efficiency of the Contractor's performance in view of the time consumed to perform the Work. Such evaluations shall be recorded in accordance with, but not limited to, the 'Contractor Performance Evaluation', item 7.7.

7.7 CONTRACTOR PERFORMANCE, REJECTION OF WORK AND PERFORMANCE EVALUATION

- 7.7.1 All Work is to be completed in a prompt, professional manner by skilled and licensed employees or other persons for whom the Contractor is responsible for in law in accordance with the directions of the PDSB. The Board may complete a Contractor Performance Evaluation to review the performance of Work completed under any award. Such evaluations shall be recorded in accordance with, but not limited to, the 'Contractor Performance Evaluation', APPENDIX 'C'. The Board may, at its sole and unfettered discretion, complete and utilize this Contractor Performance Evaluation to initiate disciplinary action against a Contractor, which may include, but not be limited to, suspension of bidding privileges by the Contractor to the Board, for an indeterminate period of time. Work rejected by the PDSB or otherwise deemed unacceptable will be reviewed by the PDSB with the Contractor. The Contractor(s) will be requested to address the issues identified. Failure to rectify the identified issues may result in disciplinary action up to and including the termination of the Contract. All decisions shall be at the final discretion of the PDSB.

7.8 PERMITS, FEES, AND CERTIFICATES

- 7.8.1 Except where indicated in an individual contract, bid document or specification it shall be the sole responsibility of the Contractor to prepare all necessary documentation, pay all fees, give all notices for inspections, obtain and furnish all permits and certificates evidencing that the installed Work conforms to all regulations of the governmental authorities having jurisdiction in the area of the Work. The Contractor shall also forward all such certificates or documentation of Inspection/Approval/Certification to the Board Designee before the final acceptance.

7.9 SITE PROTECTION

7.9.1 The Contractor shall protect adjacent areas, furnishing, equipment and surfaces to avoid any damages. Any damages shall be made good with new materials as match the existing work in quality and workmanship to the approval of the Board Designee at no extra cost to the PDSB. The Contractor shall provide warning and caution signs as required.

7.9.2 The Contractor shall take every precaution to protect the site from damage by equipment.(i.e.: in all areas, both grounds and asphalt). The Contractor shall notify the Maintenance Services Board Designee of an area of potential site damage prior to Work proceeding. It shall then be the exclusive right of the Maintenance Services Board Designee to approve the suitability of proceeding or using alternate methods to complete the Work. If no such prior notification or approval has been received the Contractor shall be held liable for all site restoration costs. The restoration shall be undertaken by and be to the satisfaction of by the Maintenance Services Board Designee and all cost borne by the Contractor.

7.10 SITE CONDITIONS

7.10.1 The Contractor's operations on PDSB property shall be in accordance with the PDSB standards and policies.

7.10.2 Upon arrival at a school, the Contractor shall report first to the main office wearing a Board Maintenance Services Identification Badge, sign in, wear additional identification as requested by the school administration, state the Contractor's company's name and the purpose of the Contractor's visit. The Contractor shall arrange to have a custodian take the Contractor to the Work site, and the Contractor shall sign out, upon completion of work or when leaving site.

7.10.3 All Contractor's and employees must report on site in a neat, well groomed manner dressed in apparel suitable for the task being performed (suitable work wear clothing with PPE including Hi-Vis vest). Workers on site wearing apparel which is not to the approval of the Board Designee will be requested to leave the site and may not return to a PDSB site until approved by the Board Designee. CSA hard hats are considered acceptable attire.

7.10.4 The Contractor shall not perform any Work which may interfere with the school operation unless the Contractor has the Principal's approval.

7.10.5 Only approved Hourly Rated Contract Staff may use the Facilities of existing Staff sanitary services.

7.10.6 The Contractor shall do only the Work as outlined in the Work Order request as instructed or approved by the appropriate Board Designee

7.10.7 The Contractor shall not leave the Contractor's vehicle in a fire route. If the Contractor's vehicle is parked unattended, the Contractor shall turn off the engine, and keep windows and doors closed and locked. The PDSB shall not be responsible for any loss, damage, theft etc. of the Contractor's, or the Contractor's employees personal belongings, tools and/or materials.

7.11 WORK ORDERS AND SCHEDULE

7.11.1 The Contractor's hours of work will depend upon the number and nature of Work Orders received at Maintenance Services which will be assigned to the Contract.

The Contractor, based on the Contractor's competence and trades experience, will assess the onsite repair requirements and perform the Work in a safe, efficient, neat and proper manner, conforming to the latest rulings, regulations and definitions set out by the Provincial codes, Ontario Building Codes, *Occupational Health and Safety Act* and any other code or regulation of the authorities having jurisdiction over the Work. Consultation with other Board representatives at the facility site may be required in order to ascertain the full scope of work initiated by the Work Order.

Contractors will be required to complete Work Orders as assigned based on their hourly awarded rate, plus costs of materials/overhead and profit (when required).

Work Orders are to be picked up at the Maintenance Services office and/or in accordance with the Maintenance Services Supervisor's or Board Designee's direction and/or will be phoned, faxed/e- mailed, digitally downloaded or otherwise forwarded to the Contractor.

7.11.2 The regular work day shall be from 6:00 a.m. to 6:00 p.m. The Contractor shall be available for twenty-four (24) hour

emergency service, seven (7) days per week. Work Orders are classified as EMERGENCY, URGENT, MEDIUM or ROUTINE and are to be picked up at Maintenance Services at 933 Central Pkwy and/or in accordance with the Board Designee instructions.

7.11.3 Contractor response Time To Work Orders:

EMERGENCY WORK ORDERS require an immediate response. Onsite repair is required to commence within two (2) hours of notification. If repair cannot be commenced or completed within two (2) hours the Board Supervisor or Designee is to be advised of status and reason for delay.

URGENT WORK ORDERS require a response within forty-eight (48) hours. Onsite repair is required to commence within forty-eight (48) hours. If repair cannot be commenced or completed within forty-eight (48) hours the Board Supervisor or Designee is to be advised of status and reason for delay.

MEDIUM WORK ORDERS require a response within fifteen (15) days. Onsite repair is required to commence within fifteen (15) days. If repair cannot be commenced or completed within fifteen (15) days the Board Supervisor or Designee is to be advised of status and reason for delay.

ROUTINE WORK ORDERS require a response within forty-five (45) days. Onsite repair is required to commence within forty-five (45) days. If repair cannot be commenced or completed within forty-five (45) days the Board Supervisor or Designee is to be advised of status and reason for delay.

Failure of the Contractor to complete the assigned Work Orders within the time periods indicated, or to advise the Board Supervisor or Designee of the reason for the delay in completion of the assigned Work Order(s), may result in the removal of the Contractor from the assigned Work Order. Further, if delays in completion continue the Contractor may be restricted to the quantity of Work Orders that can be completed within the required time frame.

7.11.4 The Contractor is expected to maintain sufficient qualified staff to respond to the Work Orders in the time frames required.

7.11.5 The Board reserves the right to reassign any work, as and when may be required and to a Contractor of the Board's choice, in order to maintain the levels of service requested and required by the PDSB.

7.12 COMMUNICATION

7.12.1 It is expected that the Contractor communicate with the Board Designee on a regular basis while performing Work for the PDSB.

7.12.2 The Contractor shall contact the Board Designee immediately if any of the following occurs:

7.12.2.1 Work Order description does not match actual repair.

7.12.2.2 Unable to perform Work for any reason.

7.12.2.3 Emergency situations.

7.12.2.4 On-site staff requesting extra Work.

7.12.3 The Contractor must maintain a staffed office during normal working hours or, as a minimum requirement, demonstrate the ability to respond to requests for service by other electronic means capable of providing an immediate response, in accordance with the requirements for Emergency Work Orders.

7.13 MAINTENANCE SECURITY IDENTIFICATION BADGES

7.13.1 Prior to commencing work on Board property all contracted employers and employees must obtain a personal photo ID Maintenance Services identification badge. On award, Contractors are to provide to Maintenance Services in writing, on company letterhead, a list of all employees who require ID badges.

7.13.2 Any request for badges for new or additional employees must also be made in writing on company letterhead and submitted to Maintenance Services.

7.13.3 An appointment for badges should be made twenty-four (24) hours in advance at: 905-270-4310. The person requesting the badge must show up in person and provide acceptable identification (i.e.: driver's license).

7.13.4 Badges are obtained from:

Peel District School Board
Maintenance Services 933

APPENDIX "E"

Amended February 2015

**CONTINUOUS SAFETY SERVICES (CSS)
ANNUAL ELECTRICAL INSPECTION BY THE ELECTRICAL SAFETY AUTHORITY**

DATE: February 25, 2015

TO: Contractors
Manager, Design and Construction
Facility Services Managers

FROM: John Clarkson
Assistant Controller, Maintenance Services

RE: Continuous Safety Services
(Mandatory Annual Hydro Inspections)

Presently each location should have a "CSS LOG BOOK" to be kept in the CCS LOG BOOK section in the Red Custodian Binder in the Custodian's Office clearly visible and readily accessible. Normally this Red Custodian Binder will be found on the Head Custodian's/Building Leadhand desk. All locations must be surveyed to assure compliance with the above. Notify Electrical Supervisor, Maintenance Services, of any missing CSS LOG BOOKS.

The ESA has advised the CSS LOG BOOK must be used as follows:

- ALL BOARD EMPLOYEES, ALL CONTRACTORS AND ALL PERSONS PERFORMING ANY ELECTRICAL REPAIRS, ALTERATIONS OR INSTALLATIONS MUST RECORD THE WORK IN THE "CSS LOG BOOK".
- THIS BOOK DOES NOT WAIVE THE REQUIREMENT FOR PERMITS.

Examples of required entries range from ballast replacement, receptacle or light switch replacement, pump and fan motor replacement, fire alarm repairs, generator repairs, emergency lighting repairs, minor electrical renovations and additions, electrical repairs to all mechanical equipment and connection/disconnection of portable classrooms. All trades people must enter their name and contractors must also indicate their company name. Please note that this requirement includes ALL CONTRACTORS AND IS NOT RESTRICTED TO ELECTRICAL CONTRACTORS. Even though the electrical work at each location must be entered in the CSS LOG BOOK, the CONTINUOUS SAFETY SERVICE INSPECTION only covers electrical work performed by the Peel District School Board Maintenance staff and contractors working under the control of the Maintenance Department on an hourly rate basis. Building Custodial staff should complete a brief entry in the CSS LOG BOOK where trades people and contractors leave the building without making the appropriate entry in the CSS LOG BOOK.

As usual, all other projects or contracted renovations will require the contractor to apply for an Inspection (ESA) Permit. These inspection permit numbers must be entered in the CSS LOG BOOK along with the description of work as outlined previously.

Please instruct your custodial staff to remind contractors of the above, and to check the CSS LOG BOOK upon completion of electrical work.

Your ongoing co-operation and attention to this matter is appreciated.

Sincerely,

John Clarkson
